

Sam Cain

📍 Parker, CO ✉ Samca04@comcast.net ☎ [720]-717-8701 in Samuel-Cain 🌐 SamCain04

Skills

Languages:

- C, C++, Java, JavaScript, HTML, CSS, Python

Technical:

- Communication; Leadership; Adaptability; Problem solving; Decision making; IDE knowledge; AI development; Initiative: Website creation; Sorting algorithms; Excel / Google Sheets; Excel visualization tools; PPT Presentations; Web analytics; Google Ads; Google analytics; Keyword research;

Education

Northern Arizona University

Aug 2022 – May 2025

BS Computer Science

- **Coursework:** Post Quantum Cryptography, Artificial Intelligence, Database Systems, Computer Architecture, Comparison of Learning Algorithms, Computational Theory,

Experience

CS Capstone

Aug 2024 – May 2025

General Dynamics and the US Coast Guard

- Led a team of 4 students to build a multicast spatial audio system over AWS, fulfilling all client technical requirements
- Implemented zero trust architecture to protect sensitive communication, ensuring secure and compartmentalized access

AI Intern

May 2024 – Aug 2024

ProAmpac

- Created the company's first AI department and launched foundational tools to kickstart AI adoption across IT
- Trained 5+ employees in AI concepts and tools, improving departmental productivity by 30%.

Personal Projects

Simple Ticketing System:

May 2024

Built a web-based ticketing system using Flask and MongoDB to streamline support requests Led a 3-person Agile team and deployed the MVP in under 4 weeks

Stock Prediction Program:

Jan 2024

Created an LSTM model in TensorFlow to forecast NVIDIA stock with 70% accuracy Tested the model using real-time and historical market data feeds

GPT-Hero:

Feb 2023

Co-developed a site exposing GPT-Zero's detection flaws across 100+ AI samples Reached 5000+ organic users via Tiktok within the first month

Awards

- Honor roll at Northern Arizona University - NAU, Fall 2023
- Principal's Honor Award at Northern Arizona University - NAU, Spring 2024
